Black Sea Wind Test 2012

Istanbul, Turkey, 15-16 October 2012

[Website](#)

Conference objective:

Over 200 top onshore and offshore wind energy industry executives will on 15th October 2012 convene in Istanbul at the **Black Sea Wind Test 2012** conference and exhibition. This strictly B2B conference focuses on commercial opportunities and challenges brought about by the rapid, sustained growth of energy demand in the Black Sea region.

Turkey ranks 1st in the world in terms of highest growth rate in wind energy plants and only 15 per cent of its potential has been utilized up until now. The Turkish Electricity Transmission Company estimates that Turkey's demand for electricity will increase at an annual rate of six per cent between 2012 and 2023.

The Turkish government encourages investors to implement energy projects in Turkey with new feed-in tariff incentives for the renewable energy investments. The total amount of investments to be made to meet the energy demand in Turkey until 2023 is estimated around USD 130 billion.

Black Sea Wind Test 2012 conference and exhibition presents the perfect opportunity to showcase your products and services to top decision-makers representing the whole of the wind energy sector in the region. Whether you are launching a new product, building your brand awareness, successful targeting new customers or cementing existing relationships with clients **Black Sea Wind Test 2012** is ideal to assist you in successful reaching these objectives.

Conference topics:

- Wind To Grid Integration
- Wind Turbine Technologies
- Transmission Solutions Control
- Wind Power Farms Protection
- Wind Power Compliance
- Energy Storage For Wind Power Integration
- Project Finance For Wind Energy including PPP
- Wind Energy For High Energy Consumption Industries
- Hybrid Energy Systems For The Black Sea Basin Market
- Small and medium wind commercial opportunities in the Black Sea region
- Wind and hybrid installations for high energy consumption industries
- Wind assessment
- Certification
- Local and regional wind manufacturing opportunities
- Black Sea offshore - will permissions be granted?

Who will you meet:

- Governments, Trade Missions and Embassies' Representatives
- CEOs, Directors, MDs, GMs From Energy Providers, Traders And Distributors
- Chief Financial Officers From Energy Companies
- Wind Energy Producers And Traders
- Energy Suppliers
- Energy Supply Chain Managers
- Heads Of Finance
- Energy Finance Providers
- Energy Engineering, Process And Technology Providers

- Energy Project Management Specialists
- Specialist Energy Industry Advisors, Analysts And Consultants
- Energy storage experts
- Wind energy business development managers, marketing and sales directors
- Energy corporate, project and trade finance specialists
- Financiers, lawyers, risk managers
- Wind park operations managers
- Energy economists
- Wind onshore and offshore construction experts
- Smart grid professionals
- and many more

Why attend:

- A fully packed programme of **high profile speakers**
- **Excellent networking** with the who's who of the regional and international wind energy industry
- Take part in the wind **technology update** in the exhibition area
- Receive extensive **finance advice** on developing commercially profitable wind projects with recent case studies
- Join **over 200 wind energy experts** focusing on the region
- Take part in **extensive matchmaking sessions** with industry leaders and decision-makers

Join over 200 experts in wind energy production, technology, EPC and trade who will meet in Istanbul.

Black Sea Wind Test 2012

Istanbul, Turkey, 15-16 October 2012

[Website](#)

Preliminary conference programme:

DAY 1 - Monday 15 October 2012

08:00 - 08:45 Conference Registration & Welcoming Coffee
09:00 **Welcome Address And Business Card Exchange**
09:20 - 10:30 Session I - **Turkish Wind Energy Industry – The Roadmap To 2020**
10:00 - 10:30 **Networking Coffee Break**
10:30 - 11:30 Session II - **Wind To Grid Integration Options for Black Sea Region**
11:30 - 12:00 **Networking Coffee Break**
12:00 - 13:30 Session III - **Novel Wind Turbine Technologies**
13:00 - 15:00 **Networking Lunch And Meetings**
15:00 - 16:00 Session IV - **Transmission Solutions Control And Protection For Wind Power Farms**
16:00 - 16:30 **Networking Coffee Break**
16:30 - 17:30 Session V - **Grid Connection And Wind Power Compliance**
18:00 - 18:30 **Networking Coffee Reception - End of DAY 1**

DAY 2 - Tuesday 16 October 2012

08:00 - 09:00 **Networking Coffee Reception**
09:00 - 10:00 Session I - **Energy Storage For Wind Power Integration**
10:00 - 10:30 **Networking Coffee Break**
10:30 - 11:30 Session II - **Future Trends Of Wind Energy Conversion And Power Electronic Applications**
11:30 - 12:00 **Networking Coffee Break**
12:30 - 13:30 Session III - **Enhancing Wind Resource Assessment – State of The Art Measurement Technologies**
13:30 - 15:00 **Networking Lunch And Meetings**
15:00 - 16:00 Session IV - **Wind Measurement And Analysis**
16:00 - 16:30 **Networking Coffee Break**
16:30 - 17:30 Session V - **Project Finance For Wind Energy**
17:30 **Closing Of The Main Conference**
